Coleus Fairway Mix

- Annual
- Part Shade to Shade
- Water: Average
- Height: 8-12 inches
- Width: 10-12 inches
- Habit:
Mounding/Upright
- Easy Maintenance
- Foliage Interest
- Upright Thriller for
Container or
Landscape
- Heat Tolerant

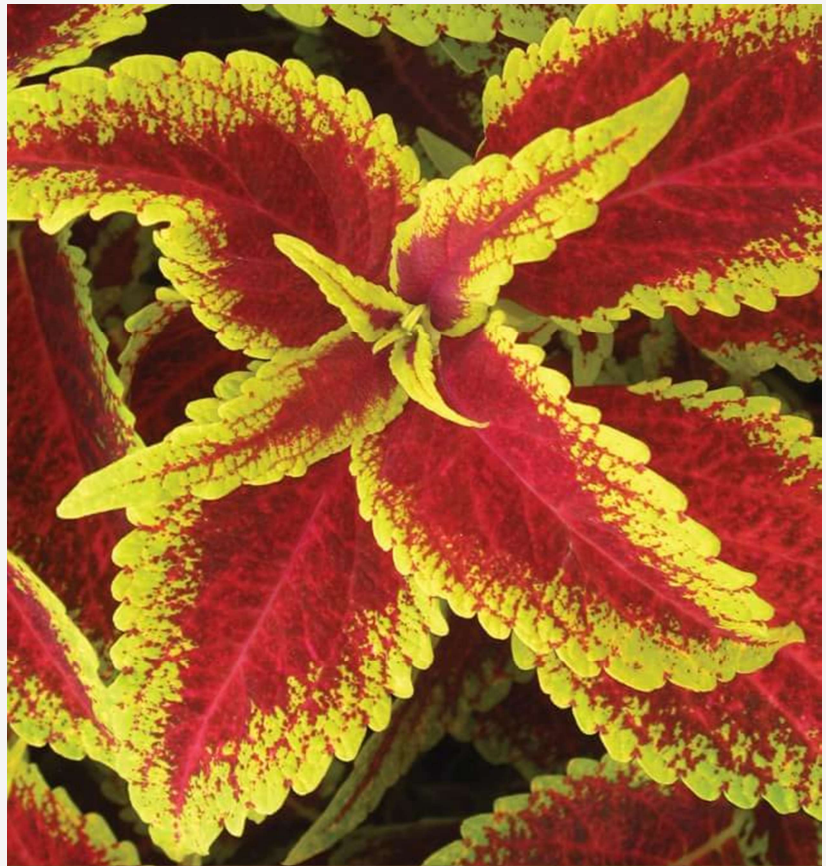

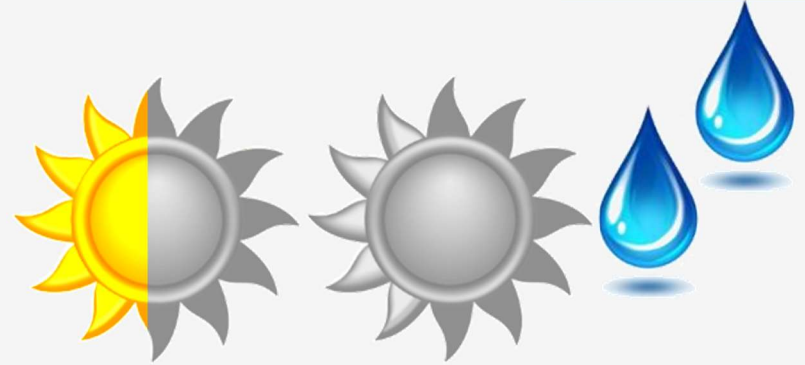

Coleus Black Dragon

- Annual
- Foliage
- Part Sun; can tolerate morning sun
- Water: Average
- Height: 10-14 inches
- Width: 10-12 inches
- Habit:
Mounding/Upright
- Easy Maintenance
- Heat Tolerant

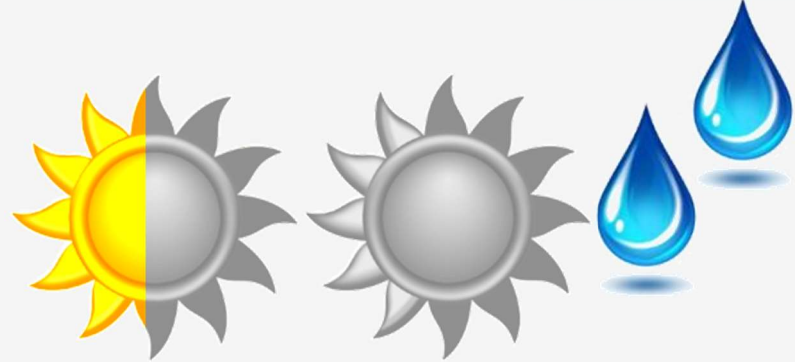

Coleus Defiance

- Annual
- Foliage
- Part Sun; can tolerate morning sun
- Water: Average
- Height: 10-24 inches
- Width: 10-12 inches
- Habit: Upright
- Easy Maintenance
- Heat Tolerant

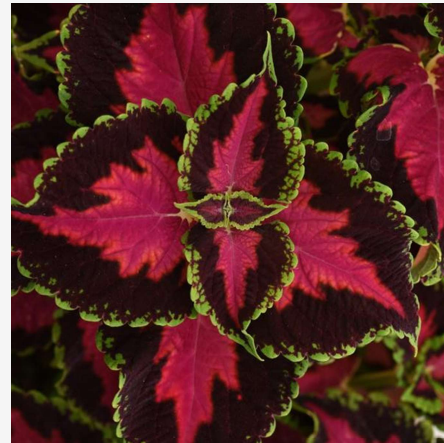

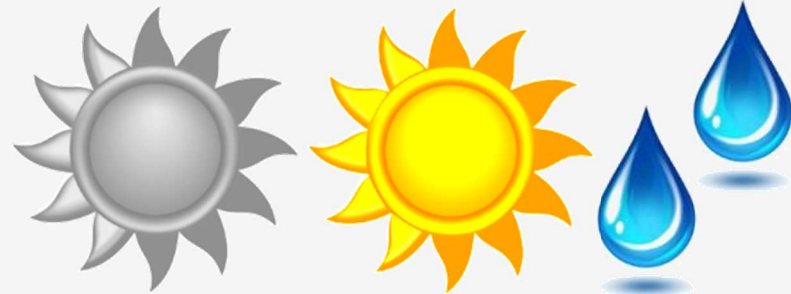

Coleus Electric Lime

- Annual
- Foliage
- Shade to Part Sun; can tolerate morning sun & dense shade
- Water: Average
- Height: 10-24 inches
- Width: 6-24 inches
- Habit: Upright
- Easy Maintenance
- Heat Tolerant

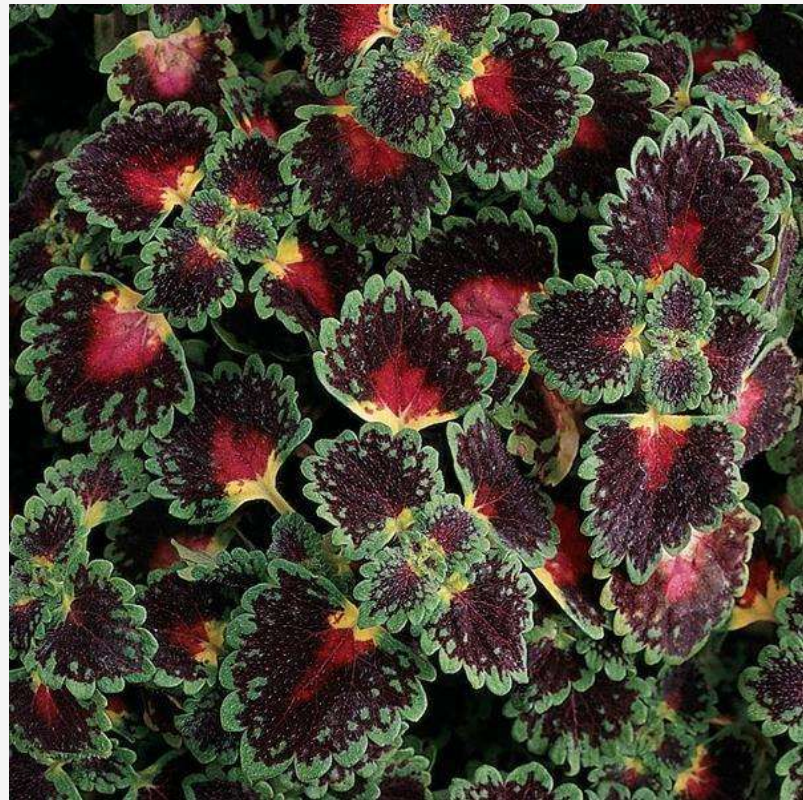

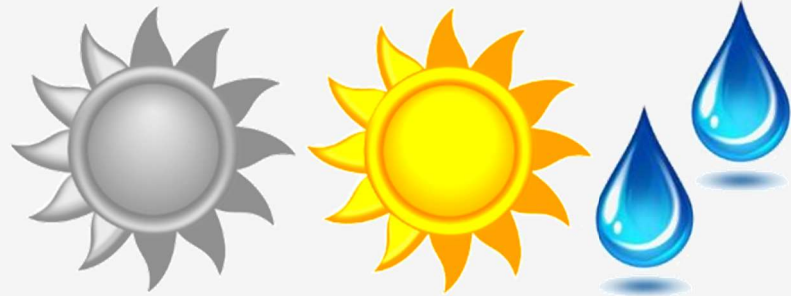

Coleus Heartbreaker

- Annual
- Foliage
- Shade to Sun
- Water: Average
- Height: 10-26 inches
- Width: 6-16 inches
- Habit: Upright
- Easy Maintenance
- Heat Tolerant

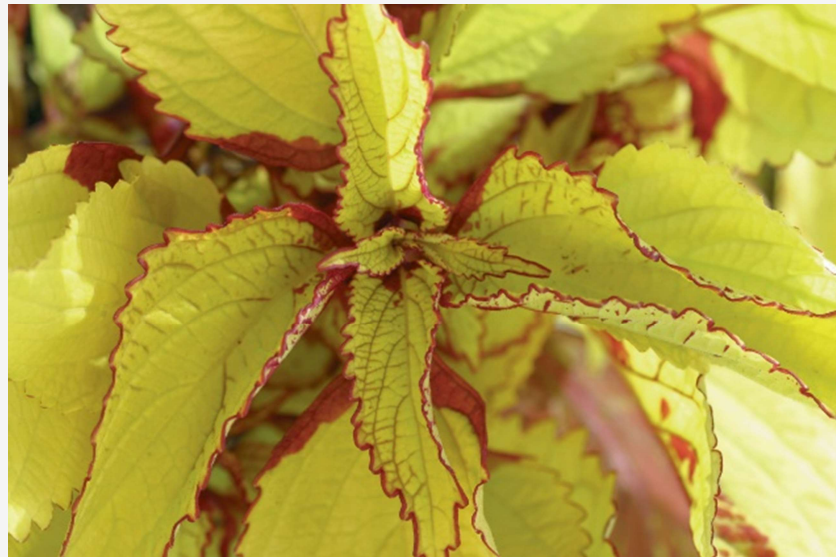

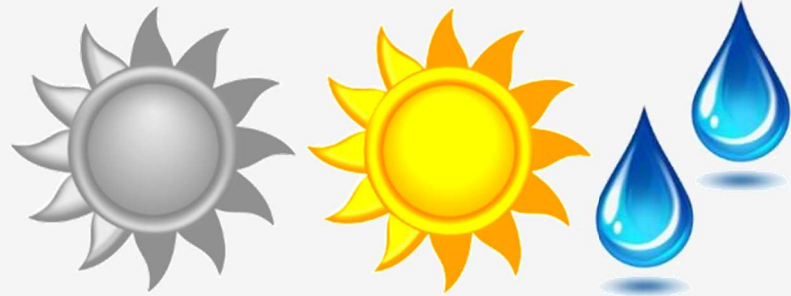

Coleus Lava Rose

- Annual
- Foliage
- Shade to Sun
- Water: Average
- Height: 4-10 inches
- Width: 6-24 inches

Perennials

Important Note!

- Perennials are being reserved in advance.
 - Last year there were several perennial crops that failed and refunds add a cost to the SCA. Therefore, this year, you can pre-order and pay for your annuals and hanging baskets, but perennials will be reserved and payment will be made at the time of pick up after we confirmed receipt of the plants from the greenhouse.

Achillea Paprika

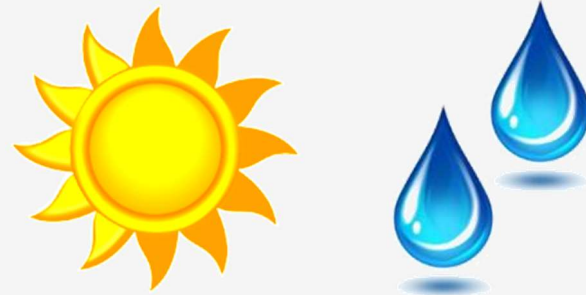

- AKA: Yarrow
- Perennial (1 quart)
- Zones 5-9
- Sun
- Low to Average Water
- Height: 12-24 inches
- Width: 18-22 inches
- Deer and Rabbit Resistant.
- Heat and drought tolerant.
- Attracts butterflies and pollinators.
- Low Maintenance.
- This hybrid's parent plant is native.

Alcea

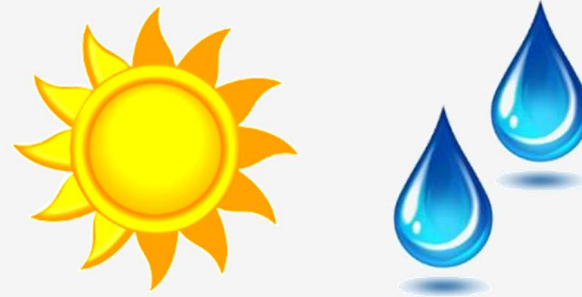

Rugosa Simplex

- AKA: Hollyhock
- Perennial (1 quart)
- Zones 4-9
- Sun
- Average Water
- Height: 4-5 feet
- Width: 18-24 inches
- Attracts butterflies and hummingbirds.
- Mixture of white, yellow, rose, pink, and red flowers expected in July/August.

Coreopsis Red Satin

- AKA: Tickseed
- Perennial (1 quart)
- Zones 5-9
- Sun
- Average to High Water
- Height: 15-18 inches
- Width: 18-22 inches
- Deer and drought Resistant.
- Spreads by rhizomes.
- US Native (not MD native)
- Deadhead to encourage re-blooming

- Width: 15-18 inches
- Reseeds every year. If you want to prevent spreading, you can remove the flower heads when they begin to droop.
- Deer and Rabbit resistant.
- Attracts birds, butterflies, and pollinators.
- Parent plant is US Native

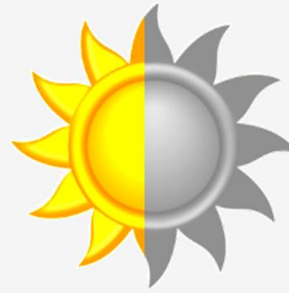

Gaillardia

- Perennial (1 quart)
- Zones 3-9
- Sun
- Average Water
- Height: 12-15 inches
- Width: 10-12 inches
- Drought and heat tolerant.
- Attracts butterflies and pollinators.
- Available Color: Arizona Sun

Heuchera Firefly

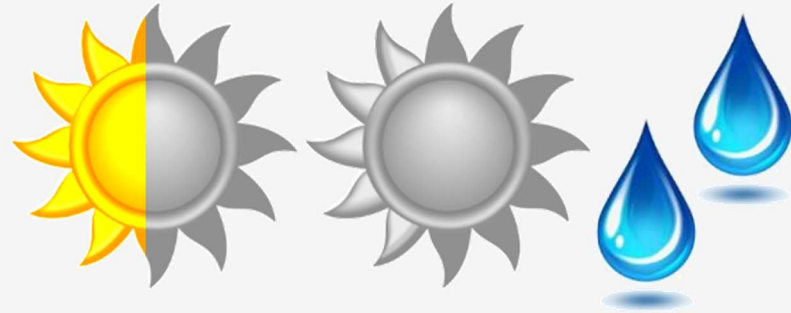

- AKA: Coral Bells
- Perennial (1 gallon)
- Zones: 3-8
- Part Sun
- Water: Light to Average
- Height: 24-36 inches
- Width: 15-18 inches
- Blooms on tall stems from late spring to midsummer.
- Deadheading faded blossoms will prolong flowering
- Attracts hummingbirds and pollinators.
- Native to S.W. US and N. Mexico

Hosta

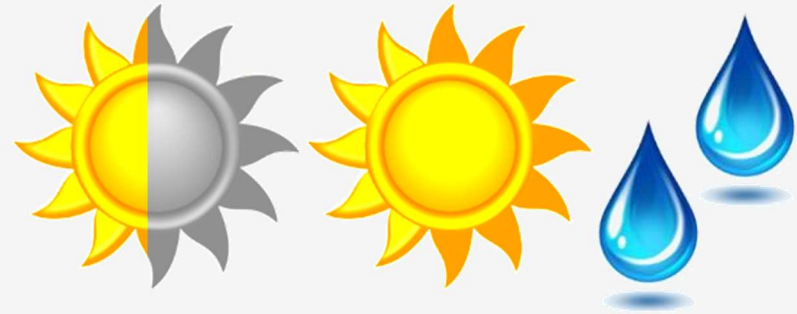

Frances Williams

- Perennial (1 gallon pot)
- Zones 3-9
- Part Shade to Shade
- Average to High Water
- Height: up to 30 inches
- Width: up to 48 inches
- Foliage has yellow margins.
- White flowers in summer.

Penstemon Smallii

- AKA: Beard Tongue
- Perennial (1 quart)
- Zones: 5-9
- Full Sun to Part Shade
- Water: Light to Average
- Height: 12-24 inches
- Width: 12 inches
- Blooms: Early Summer
- Attracts butterflies, hummingbirds, and pollinators.
- Perennial through reseeding.

Rudbeckia

- Perennial (1 gallon pot)
- Zones 4-9
- Full Sun
- Water: Average
- Height: 2-3 feet
- Width: 1.5-2 feet
- Blooms summer into fall
- Attracts butterflies and pollinators.
- Available Color: Deamii

Pet Friendly
noted as
safe for cats
and dogs

Scabiosa

Butterfly Blue

- AKA: Pincushion Flower
- Perennial (1 quart)
- Zones: 5-9
- Full Sun
- Water: Average
- Height: 12-15 inches
- Width: 12-18 inches
- Blooms: Summer into Fall
- Deer and Rabbit resistant.
- Attracts butterflies and pollinators.
- Low maintenance, drought tolerance after established.

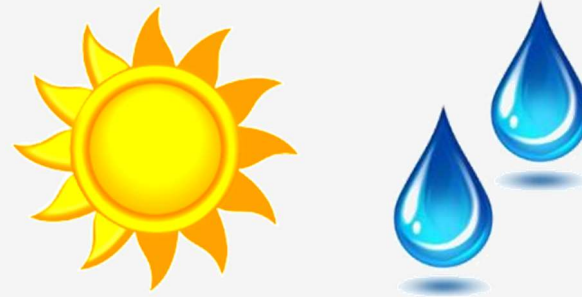

Maryland Native Perennials

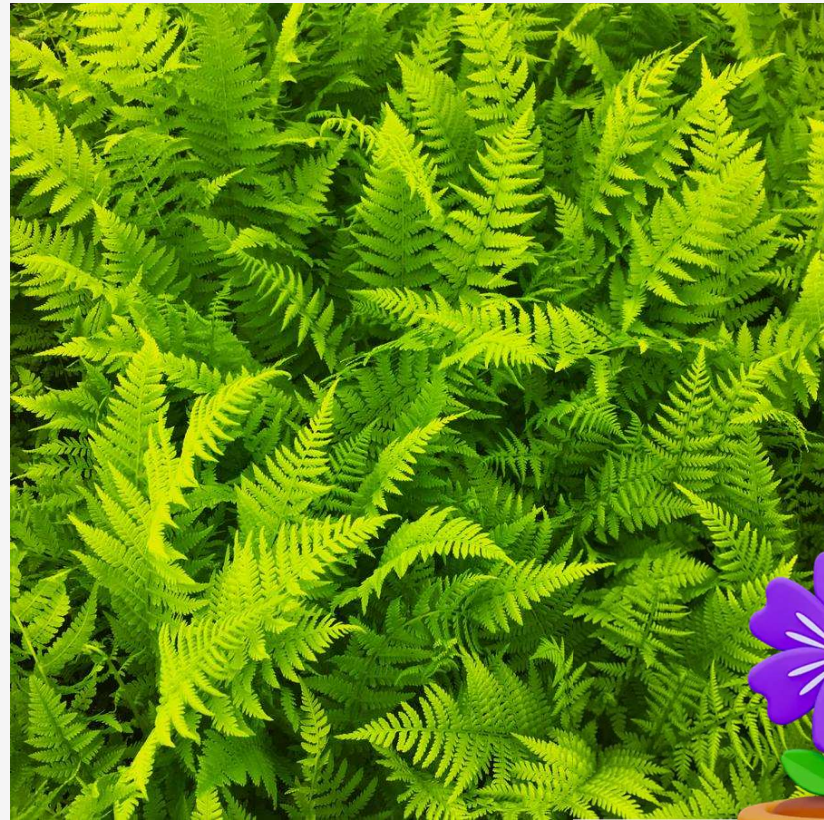

Lonicera Sempervirens

- AKA: Honeysuckle/trumpet vine
- Perennial (1 gallon)
- Zones 4-9
- Sun
- Average Water
- Height: 10-12 feet
- Width: 3-6 feet
- Deer and Drought Resistant.
- This vine attracts Hummingbirds and Pollinators.
- Flowers in late spring and has red berries in fall.

Athyrium Felix Femina

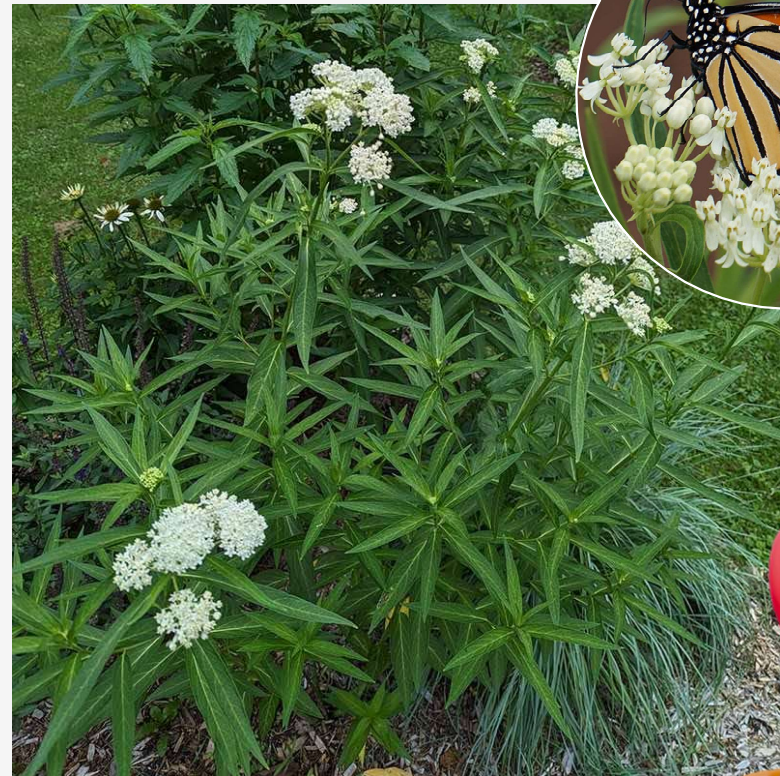

- AKA: Lady Fern
- Perennial (4.5" pot)
- Zones 4-8
- Shade
- Can tolerate filtered sun
- Water: Average to Heavy
- Height: 10-36 inches
- Width: 12-36 inches
- Available Color: Green Foliage

Asclepias

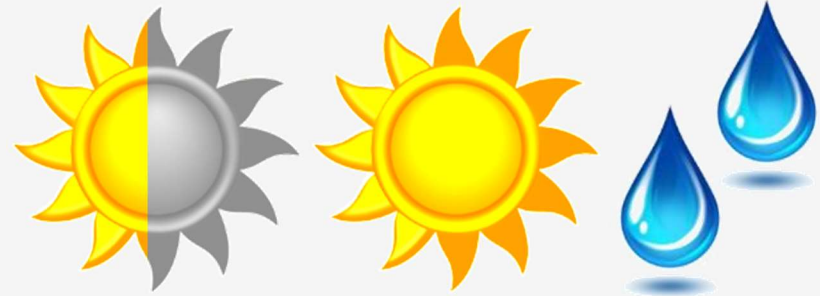

Ice Ballet

- AKA: Swamp Milkweed
- Perennial (1 gallon)
- Zones 3-9
- Sun
- Average to High Water (do not let it dry out)
- Height: 12-48 inches
- Width: 12-36 inches
- Clusters of white flowers in June until July.
- Tolerates wet and clay soils.
- Supports Monarch Butterfly Life Cycle!

Heuchera Americana

- Perennial (1 quart)
- Zones 4-9
- Full Sun to Part Shade
- Average Water
- Height: 12 inches
- Width: 12-18 inches
- Deer resistant and attracts pollinators.

Hibiscus Moscheutos

- AKA: Eastern Rose Mallow
- Perennial (1 Gal pot)
- Zones 5-8
- Sun to Part Shade
- Water: Heavy
- Height: 2-6 feet
- Width: 2-4 feet
- Good for rain gardens!
- Flowers range from white to pink.

Iris Cristata

- AKA: Dwarf Crested Iris
- Perennial (1 quart pot)
- Zones 5-8
- Shade to Part Shade
- Can tolerate filtered sun
- Water: Heavy
- Height: 6-8 inches
- Width: 10-15 inches

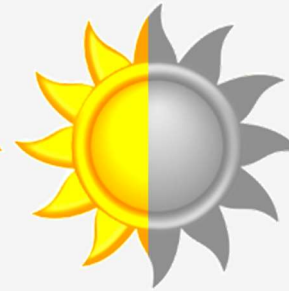

Liatris Spicata

- AKA: Gayfeather
- Perennial (1 gallon)
- Zones 3-9
- Sun
- Average to Heavy Water, but can tolerate drought and heat if established.
- Height: 24-60 inches
- Width: 10-24 inches
- Good source of nectar for butterflies, pollinators, and hummingbirds.
- Rain Garden friendly!

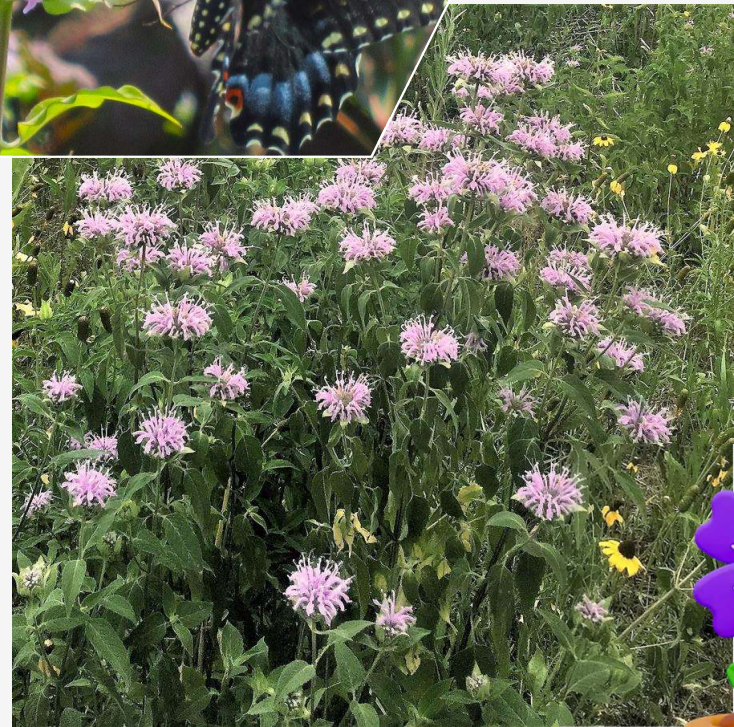

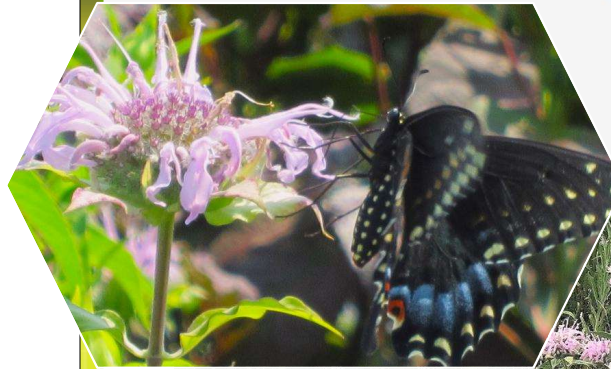

Lobelia Siphilitica

- AKA: Great Blue Cardinal Flower
- Perennial (1 gallon)
- Zones 4-8
- Sun to Part Shade
- Average Water
- Height: 24-48 inches
- Width: 10-18 inches
- Attracts birds, hummingbirds, butterflies, and pollinators.
- Rain Garden friendly!
- Tolerates moist to wet clay, loamy, or sandy soils.

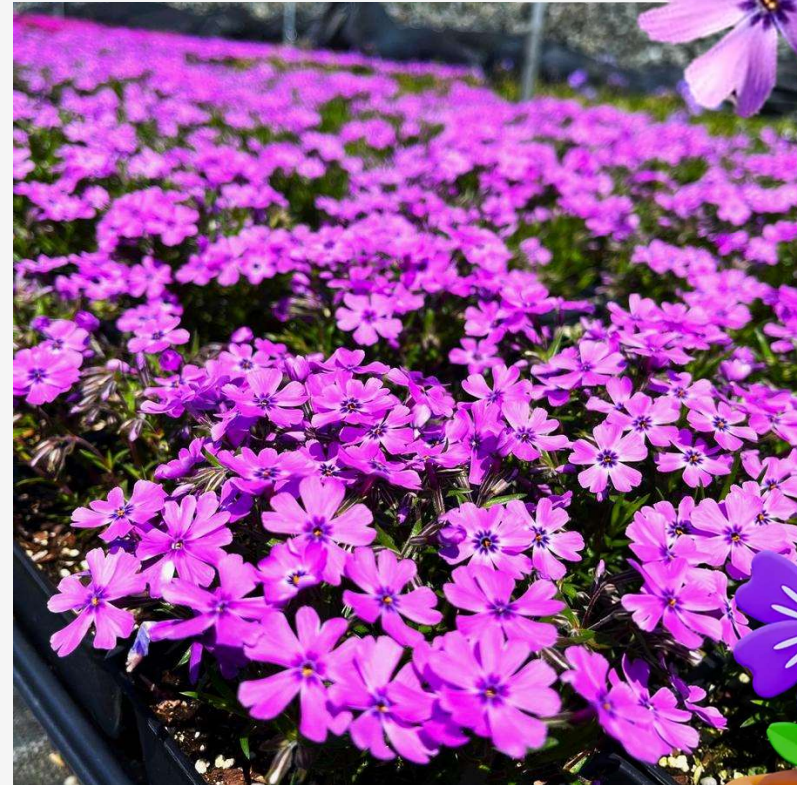

Monarda Fistula

- AKA: Wild Bergamot
- Perennial (1 quart)
- Zones 3-8
- Sun
- Average Water
- Height: 2-3 feet
- Width: 2-3 feet
- Drought tolerant.
- Deer and Rabbit Resistant.
- Blooms: June-July
- Attracts butterflies, hummingbirds, and pollinators.

Phlox Purple Beauty

- AKA: Moss Phlox
- Perennial (1 quart)
- Zones 5-9
- Sun – tolerates dappled shade
- Average Water
- Height: 3-4 inches
- Width: 12-18 inches
- Evergreen foliage.
- Drought tolerant.
- Deer Resistant.
- Blooms: early spring.
- Attracts butterflies, and pollinators.

Schizachyrium Scoparium

- AKA: Little Bluestem
- Perennial (1 quart)
- Zones 3-8
- Sun
- Average Water
- Height: 3-4 feet
- Width: 1-3 feet
- Drought tolerant.
- Deer Resistant.
- Bluish-green leaves turn red-orange in the fall.

Edibles

Fruits & Vegetables

Bell Pepper

- Annual
- Full Sun
- Average to Heavy Water
- Spacing: 16"
- Produces large, blocky fruit
- Available variety: Red Knight

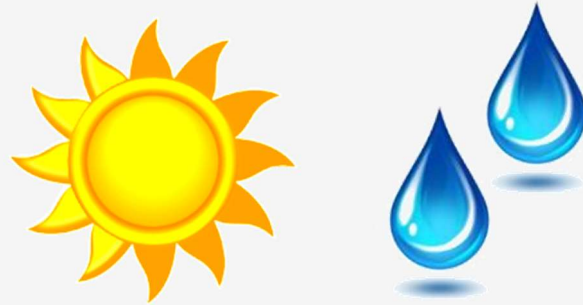

*Matures from Dark
Green to Red*

Sweet Banana Pepper

- Annual
 - Full Sun
 - Average Water
 - Spacing: 18-24"
 - 6-9" fruit
- Available variety: Sweet Banana Goddess

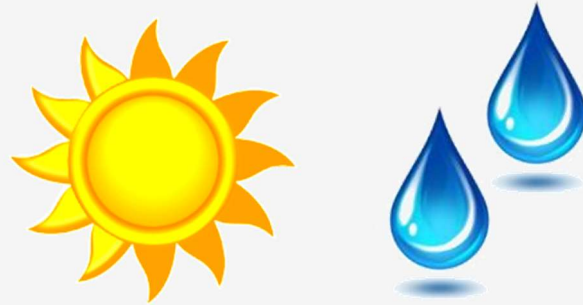

Generally picked when still crisp, mild, and light yellow, but will turn orange or red if left on the plant.

Habanero Pepper

- Annual
- Full Sun
- Average Water
- Spacing: 18-30"
- Height: up to 3 ft
- Produces spicy peppers that are often used in hot sauces, salsas, marinades, and jellies.

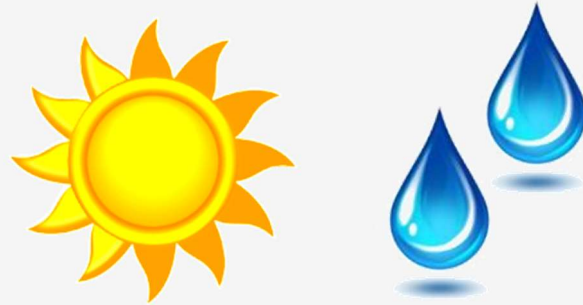

**Grows well in 3-5
gallon pots (12" deep)
or planted in the
garden.**

Jalapeno Pepper

- Annual
- Full Sun
- Average Water
- Spacing: 12-18"
- Compact variety that produces dark, flavorful, mildly spicy, 3.5" fruit.
- Available variety: Black Magic

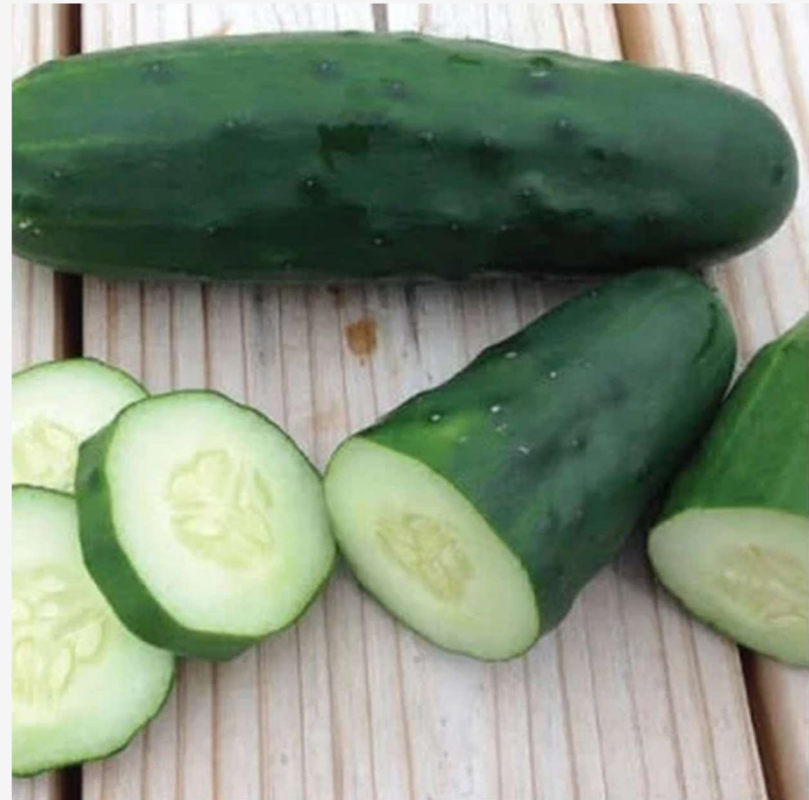

Generally picked when still dark green, but will turn red if left on the plant.

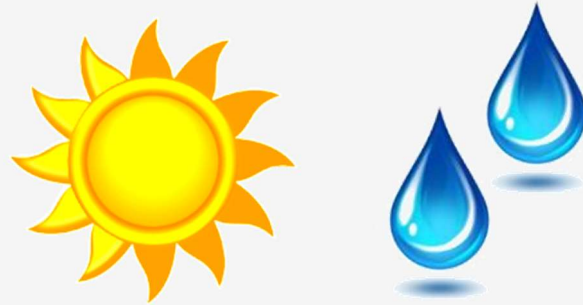

Cucumber

- Annual
- Full Sun
- Average Water
- Spacing: 12" with 6' between rows
- Trellis or cage can be used for vertical growth.
- Height: 8-12 inches
- Harvest when 8-10 inches long
- Available variety: Marketmore

Yellow Squash

- Annual
- Full Sun
- Average Water
- Spacing: 18-24"
- Harvest at or before 6" for a delicate flavor.
- Available variety: Goldfinch

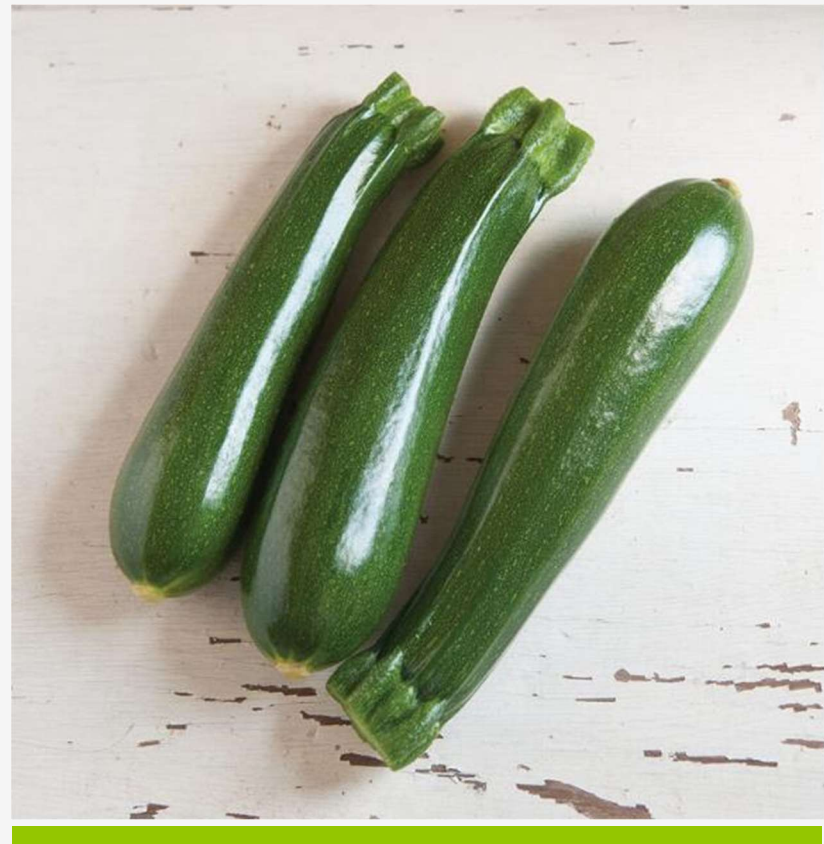

This yellow squash has an upright habit and can be grown in a container if desired.

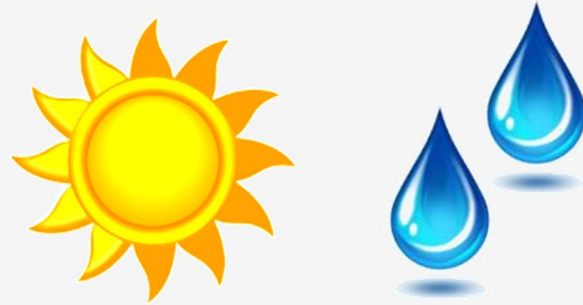

Zucchini

- Annual
- Full Sun
- Average Water
- Spacing: 18-24" with rows being 6' apart.
- Suggested harvest at 6-8 inches
- Available variety: Dunja

Strawberries

- Annual (may overwinter and produce berries for 3+ years)
- Full Sun
- Average Water (1" per week)
- June-bearing
- Height: 6-9"
- Width: 12-18"
- If container gardening, best in 14"+ pot
- Available variety: Earliglow

**Produces medium,
sweet fruit.**

Slicer Tomato

- Annual
- Full Sun
- Average to Heavy Water
- Indeterminate
- 1-1.5 lb tomatoes
- Space 2-2.5 ft between plants or place in 18"+ container.
- Available variety: Beefmaster

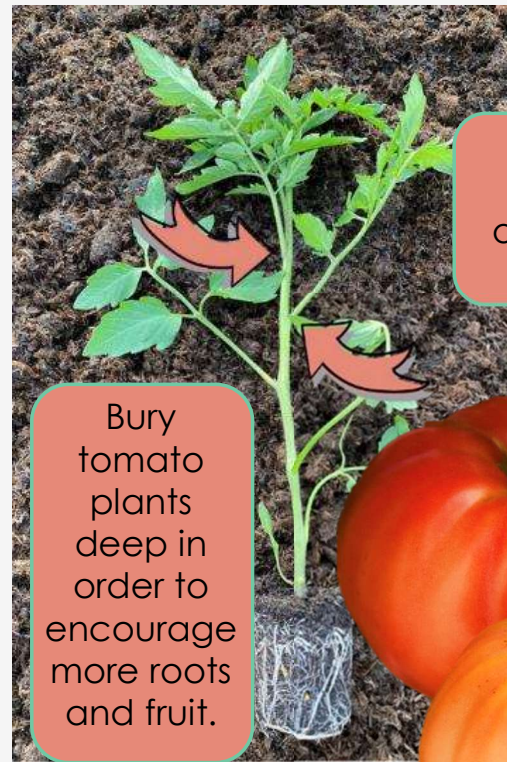

Bury tomato plants deep in order to encourage more roots and fruit.

Burying all the way to the 2nd or 3rd (removed) leaf is fine!

Slicer Tomato

- Annual
- Full Sun
- Average to Heavy Water
- Pink Heirloom
- Indeterminate
- 8-16 oz tomatoes
- Space 2-2.5 ft between plants or place in 18"+ container.
- Available variety: German Johnson

Burying all the way to the 2nd or 3rd (removed) leaf is fine!

Bury tomato plants deep in order to encourage more roots and fruit.

Slicer Tomato

- Annual
- Full Sun
- Average to Heavy Water
- Heirloom
- Indeterminate
- 16-24 oz fruit!
- Space 2-2.5 ft between plants or place in 18"+ container.
- Available variety: Mortgage Lifter

Burying all the way to the 2nd or 3rd (removed) leaf is fine!

Bury tomato plants deep in order to encourage more roots and fruit.

Cherry Tomato

- Annual
- Full Sun
- Average to Heavy Water
- Indeterminate
- 1 oz tomatoes
- Height: 60-72 inches
- Space 2.5-4 ft between plants or place in 18"+ container.
- Available variety: Supersweet 100

Burying all the way to the 2nd or 3rd (removed) leaf is fine!

Bury tomato plants deep in order to encourage more roots and fruit.

Tomatillo

- Annual
- Full Sun
- Average Water
- 1.5-2" fruits
- Height: 3-4 ft
- Space 2-2.5 ft between plants.
- Recommend planting at least two plants.
- Available variety: Toma Verde

**Exceptionally sweet.
Like a cross between
a Lemon, Pineapple,
and Tomato**

Herbs

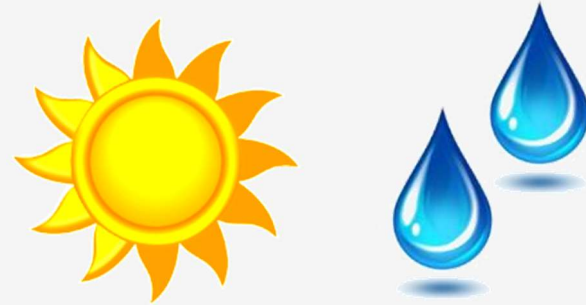

Basil

- Annual
- Full Sun
- Average Water
- Available varieties:
 - A) Dark opal (purple)
 - B) Rutgers Devotion (Green Genovese)

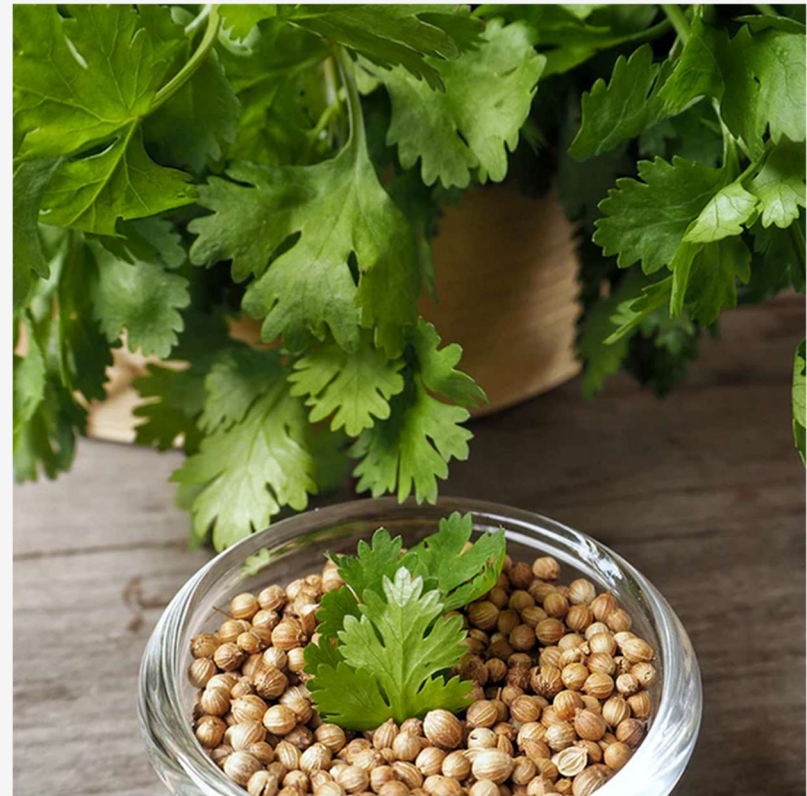

Chives

- Annual
- Full Sun to Part Shade
- Average Water
- Height: 12-18"
- Spacing: 2-8"
- Harvest when needed or cut clump to ground level and harvest 3-4 times/year
- Available variety: Medium Leaf Polyvert

Cilantro

- Annual
- Full Sun
- Average Water
- Height: 12-18"
- Can plant very close together
- Slow-bolting variety
 - Note: Summer heat will encourage bolting
- Seeds (coriander) can also be harvested.
- Available variety: Santo

Dill

- Annual
- Full Sun
- Average Water
- Height: 18-24"
- Spread: 8-12"
- Slow-bolting variety
- Available variety: Fernleaf

Lavender

- Annual
- Full Sun
- Average Water
- Height: 12-18"
- Let soil almost dry between waterings
- Mounding evergreen
- Available variety: Munstead

Lemon Balm

- Annual
- Full Sun
- Average Water
- Spacing: 10-24"
- Can grow up to 36" tall

Lemongrass

- Annual
- Full Sun
- Average Water
- Spacing: 8-12"
- Can be used to make lemongrass oil, as a food flavoring, and in teas and potpourris!
- Available variety:
Cymbopogon flexuosus

Peppermint

- Annual
- Full Sun to Part Shade
- Average Water
- Height: 12-36"
- Width: 36-60"
- Extremely easy to grow.

Oregano

- Annual
- Full Sun to Part Shade
- Average Water
- Height: 8-24"
- Spacing: 12"
- Harvest as needed or cut the plant back to 2" above plant base 2-6 times/year.
- Available variety: Greek

Parsley

- Annual
- Full Sun to Part Shade
- Average Water
- Height: 8-20"
- Spacing: 6-12"
- Flat leaved with a strong flavor.
- Available variety: Italian Dark Leaf

Rosemary

- Annual
 - Cold hardy and may overwinter
 - May be perennial if well established
- Full Sun
- Average to Low Water
- Height: 36-40" when mature
- Width: 36-48" when mature
- Available variety: Hill Hardy

Sage

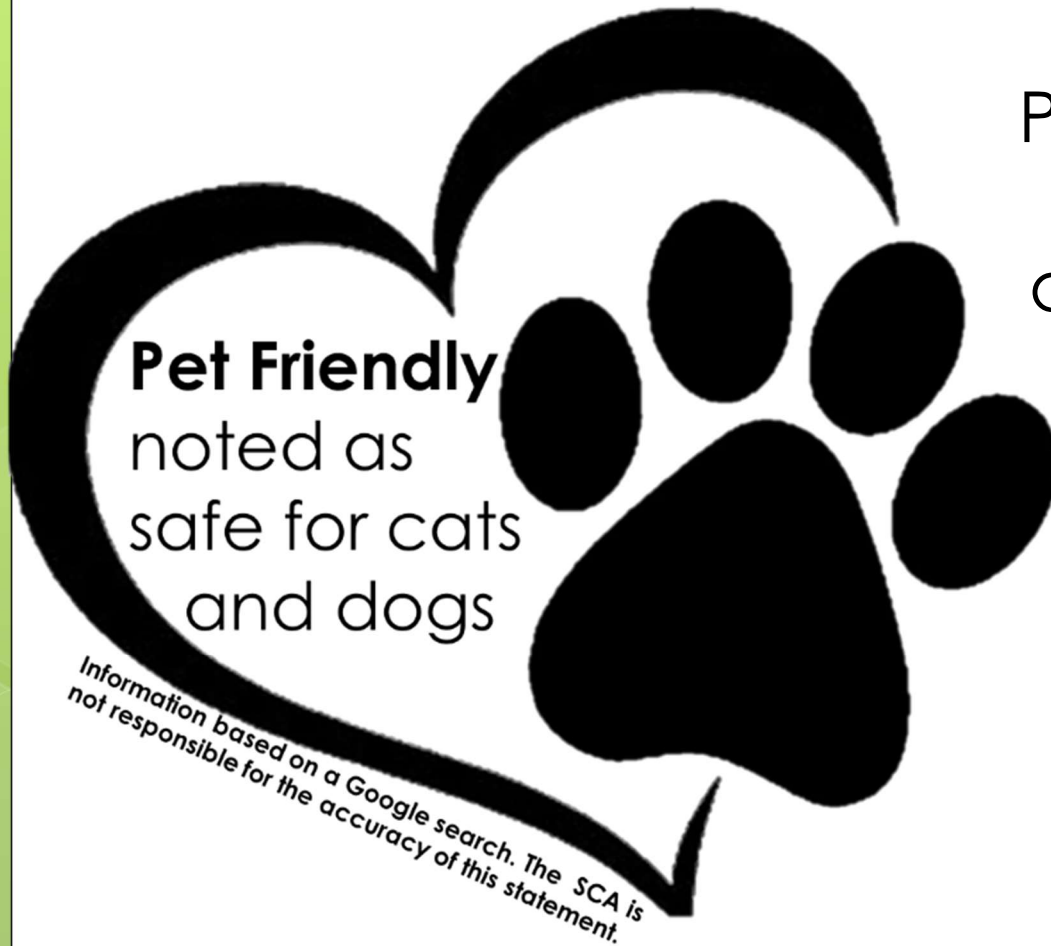

- Annual
 - May be perennial if well established
- Full Sun
- Average to Low Water
- Height: 16-30"
- Spacing: 12"
- More robust than common sage.
- Good for culinary uses and essential oils.
- Harvest individual leaves/branches the first year. In the following years, cut stems to within 6" of the base of the plant just as flowers are starting to open for bulk harvest.
- Available variety: Garden Extrakta

Thyme

- Annual
 - May be perennial if well established
- Full Sun
- Average to Low Water
- Height: 6-12"
- Width: 18-20"
- Spacing: 12-16"
- Extremely flavorful thyme that can be used fresh or dried!
- Available variety: Winter
